The versatile Standard SPF-9 bookletmaker produces booklets at speeds up to 2,100 booklets per hour. The SPF-9 features simple push-button automatic setup. Automatically changes over to any of the preset size sheets from 8 1/2" x 11" to 11" x 17" with just a touch of a button. Finished sets may be stapled and folded, folded only, corner stapled, corner stapled and folded, top or side stapled or top stapled and folded.

Features

- Runs on-line with a variety of collators
- Easy-to-use, push button controls with 6 digit counter
- Knife fold with dual fold rollers
- Moveable stitching head and powered exit conveyor
- Transparent safety access covers
- Comes with jam detector, back job and stand with casters

Quickly stitch booklets with the StitchFold bookletmaker. It uses spools of wire to stitch up to 100 pages together into a booklet. It can jog, stitch and fold up to 65,000 booklets without replacing the wire spool. It can be used in conjunction with a variety of collators. This high-volume bookletmaker is very easy to use and utilizes push-button controls. The StitchFold creates crisp, consistent folds everytime. An optional trimmer can be interfaced with this booklet maker for cutting down books to any size needed.

Stitchfold

F40 Bookletmaker

Features

- Easy-access size change controls
- 25 sheets (100 page) booklet making capacity
- Makes booklets as small as "CD" size to larger than 11" x 17" at 1500 per hour
- Optional exit conveyor with adjustable speed control
- Optional integrated collator interface that allows user to set release point and tail jog with one control knob

The F40 Bookletmaker produces up to 1,500 quality booklets per hour. It can easily staple and fold up to 25 sheets of 20lb. bond. The soft rubber folder rollers handle a wide range of stock without marking, and an optional stacker/conveyor makes packing of finished booklets easy and convenient.

Sprint 5000

Features

- Up to 1,500 booklets per hour
- Accommodates paper sizes 5 1/2"x 8" to 11 1/2"x 17 1/2"
- Two stapling heads
- Five stapling positions
- 5,000 staple cartridges
- Holds up to 22 sheets
- Built-in conveyor/stacker folds away for space-saving storage

The Sprint 5000 has an 88 page booklet capacity and is the ideal solution to any bookletmaking need. It lets you create booklets comparable to those produced by systems costing much more. It makes it easy and affordable to get professional-looking results for your print/copy shop, church, non-profit organization or in-plant. It also interfaces with most vertical collators. This model is capable of on-line corner, side and saddle stapling to produce a variety of polished reports, manuals, presentations, and magazines.

Features

- Set-up takes less than 60 seconds
- Simple side and corner stapling
- Heavy-duty stapler heads
- Lever-lock system allows for quick relocation of the staple heads
- Accommodates paper sizes 6"x 8 1/2" up to 11"x 17"

The M2 bookletmaker is a compact, manually fed machine that is perfect for short run environments like churches, schools, on-demand print shops or in-plants. The M2 lets you make booklets from paper ranging in size from 5 1/2"x 8 1/2" to 11"x 17". Booklets can be up to 15 sheets of 20lb. paper stock. Changing from one size stock to another is extremely easy and can be done in less than a minutes. The M2 can handle regular staples (up to five in a booklet) or loop staples (eliminating the need for three-hole punching) and, if used without a staple head, can fold up to 20 sheets in half, creating an ad hoc folder for multi-page bulletins, newsletters, or catalogs.
