

Triumph 5550 EP Programmable Hydraulic Cutter

Features

- Optical cutting line
- Mounted on casters
- Durable stainless steel work surface, front and rear
- Solid steel blade carrier
- Cutting width 21 5/8"
- Cutting height 3 5/8"
- Motor 2 hp

The Triumph 5550 EP programmable hydraulic cutter performs with push-button ease while delivering increased speed and capacity. Programmable back-gauge control module, with storable frequently used programs, makes the cutting job easy. With a safety package that includes front and rear guards, two-hand operation, disk brake for instant blade stop, external blade depth adjustment, automatic blade return from any position and safety lock with key and main switch. This makes this machine perfect where high speed production and top safety must go hand in hand.

Features

- Automatic paper clamp
- Manual back-gauge with analog readout
- Cutting line light for easy reference and quick set-ups
- Attachable false clamp for carbonless and other delicate papers
- Legs adjust up to 1 1/2" to facilitate leveling
- Cuts paper stacks up to 2 7/8" high, with 16" of table space in front of blade
- Cuts paper up to 21" wide and 21" long
- Dual push-button cutting controls
- Pictured with optional side tables

The PL212 21" Powerline Automatic Cutter is a fully automated heavy duty cutter perfect for high volume cutting needs. It easily cuts through a stack of paper up to 2 7/8" thick.

PowerLine PL212 21" Fully Automatic Programmable Cutter

Triumph 4850EP Fully Automatic Programmable Cutter

Features

- Dual side guides on front and rear of table
- Optical cutting line
- Solid steel blade carrier
- Stand with storage shelf
- Cutting width 18 7/8" and cutting height 3"
- Motor 2 hp

The Triumph 4850 EP cutter performs with push-button ease while delivering increased speed and capacity. Programmable back gauge control module, with storable frequently used programs, makes the cutting job easy. With a safety package that includes front and rear guards, two-hand operation, disk brake for instant blade stop, external blade depth adjustment, automatic blade return from any position and safety lock with key and main switch. It is perfect where high speed production and top safety must go hand in hand. Also available as Model 4850 Semi-Automatic Electric Cutter without Programmability.

APC 45 Electric Paper Cutter

Features

- High-speed hardened-steel cutting blade
- Digital input control and backgauge to .005" positioning
- Digital input control panel and LCD read-out
- Illuminated cut line
- Automatic clamp with fixed 2,000 lb. pressure / Manual clamp activation via foot pedal
- 30 Program memory (99 steps each)
- Adjustable viewing angle control panel
- Automatic 2" stock push-out in program operation
- Operator blade angle and depth adjustment

The APC-45 Electric Paper Cutter provides programming and cutting capabilities that are ideal for a broad range of copy and printing environments. Precise cuts are easily and safely performed with dual push-button cut activation controls. Increased productivity and convenience is realized with an automatic paper clamp and versatile program capability. The APC-45 is simple to operate and delivers a compact design.

Features

- Dual side guides on front and rear tables
- Optical cutting line
- Solid steel blade carrier
- Stand with storage shelf
- Cutting width 18 7/8", cutting height 3"
- Motor 1.5 hp

The Triumph 4810 EP cutter performs with push-button ease while delivering increased speed and capacity. Programmable back-gauge control module, with storable frequently used programs, makes the cutting job easy. With a safety package that includes front and rear guards, two-hand operation, disk brake for instant blade stop, external blade depth adjustment, automatic blade return from any position and safety lock with key and main switch. It is perfect where high speed production and top safety must go hand in hand. Also available as model 4810 Semi-Automatic Cutter without programmability.

Triumph 4810 EP Semi-Automatic Programmable Cutter

4250 EP Automatic Cutter w/Digital Display

Features

- Disc brake for instant blade stop
- Change blade and cutting sticks without removing covers
- Blade changing device covers cutting edge
- Automatic clamp
- LED optical cutting line
- All metal construction

This 16 7/8" tabletop cutter will cut through 1 1/2" of paper with ease. Full of safety features like the transparent electronically controlled front safety guard and safety lock with key, this cutter also features true two-headed operation. It also has a digital display for precise back-gauge positioning. Shown on optional stand.

Triumph 4215 Semi-Automatic Electric Paper Cutter

Features

- Semi-automatic paper cutter with 16 7/8" cutting length
- Cuts up to 375 sheets of paper at once
- Sturdy metal base with printed guidelines
- Automatic blade return from any position
- Disc brake for instant blade stop
- Adjustable, hardened steel blade guides
- Digital display for precise back-gauge positioning
- Bright LED optical cutting line
- Exclusive safety cutting system package which makes blade and cutting stick replacement safe and easy

The Triumph 4215 Semi-Automatic Electric Paper Cutter can cut up to 1 1/2" of paper with its powerful electric blade drive. It is a compact, all-purpose, electric paper cutter that can be used in almost any location. Safety features include hinged transparent safety guard on front table, transparent safety cover on rear table and safety catch.

Features

- Safe - Dual push-button controls require simultaneous two-hand operation to automatically clamp and cut the paper, keeping hands away from the cutting area. Plexiglass safety covers enclose the cutting zone to provide even further operator safety
- Automatic paper clamp
- Illuminated cut line
- Cuts paper up to 17" in length
- Easily cuts up to 180 sheets at once

The PC-S43 Electric Paper Cutter operates with push button simplicity in a compact desktop design. Exceptionally simple and safe to operate, the PC-S43 is perfect for small businesses, schools, churches, copy/duplicating centers, EDP departments and desktop publishing centers seeking economy and convenience to meet their paper cutting needs.

PC-S43 Electric Paper Cutter

Triumph 4205 Manual Paper Cutter

Features

- Manual heavy duty paper cutter with 16 7/8" cutting length
- Cuts up to 375 sheets of paper at once
- Sturdy metal base with printed guidelines
- Soligen steel blade
- Patented fast action lever-activated clamp
- Spindle-guided back gauge with calibrated crank and measuring scale

The Triumph 4205 Manual Paper Cutter (shown with optional stand) can cut up to 1 1/2" of paper with minimal effort with a single pull of the extra large cutting arm. The Triumph 4205 paper cutter has a small footprint and can even be used on a countertop. Cutting large volumes of paper is easy and effortless with the Triumph 4205 stack cutter. Side guides, adjustable back plates and other features make this the right guillotine stack cutter for you.
