

CoilMac-EPI

Features

- Plastic Coil Electric Punch and Electric Binding Machine
- Punches up to 20 sheets
- 13" open ended horizontal punch
- 5 disengageable pins

The CoilMac-EPI Electric Punch & Coil Inserter renders efficiency and productivity. With its heavy duty punch motor, built-in electric coil inserter and complete system of functions. The CoilMac-EPI makes coil binding fast, easy, convenient and professional, making it the ideal partner for commercial volume workloads

Features

- Electric Coil Punch and Binding Machine
- Punches up to 25 sheets
- 11" vertical punch

The 3250CL Electric Coil Binding System makes it easy to bind impressive looking documents. Designed for office use, this system features an on-demand punching motor that only runs when activated. The system's self-lubricating dies keep you punching at maximum capacity and overloading the punch problem with the automatic jam-stopper, which quickly reverses punching jams. Determining what size coil to use is simple with the built-in document-sizer. For binding thicker books, the built-in book-former aligns punched sheets for easier coiling. Crimper tool included.

CoilMac-ECI Plus

Features

- Plastic Coil Manual Punch and Electric Binding Machine
- Punches up to 17 sheets
- 13" open ended horizontal punch
- 5 disengageable pins

The CoilMac-ECI Plus features a manual punch and electric coil inserter capable of punching up to 20 sheets of 20 lb. bond paper. It has a full length, heavy-duty electric coil inserter and double roller mechanism for inserting coil. It features a side margin to evenly center documents, an open punching throat, a continuous punching guide, fully disengageable die pins, cast-hardened punching mechanism, and punching margin control. Includes coil diameter selector and premium coil crimpers.

CoilMac-ER Plus

Features

- Plastic Coil Manual Punch and Electric Binding Machine
- Punches up to 17 sheets
- 13" open ended horizontal punch
- 5 disengageable pins

The CoilMac-ER Plus Coil Punch and Binding Machine is a cost effective binding and punching solution for professional looking booklets. Capable of punching up to 20 sheets of 20 lb. bond paper, it has a foot pedal operated top electric roller for inserting coil. It features a side margin to evenly center documents, an open punching throat, a continuous punching guide, fully disengageable die pins, cast-hardened punching mechanism, and punching margin control. Includes coil diameter selector and premium oval coil crimpers.

Features

- 5 Disengageable punch pins for a clean punch with multiple paper sizes
- Punching margin control provides the correct punch margin depth for each coil size and maximizes the document's tear resistance
- Side margin control provides an evenly centered punch
- Includes: coil selector, waste drawer and optional spiral coil pliers
- Open punching throat and continuous punching guide
- Inserting table expedites the inserting of the coil, reducing costs and binding time

The CoilMac-M renders efficiency and productivity. Its high quality components and full range of functions make it the most complete and durable equipment in its class, ideal for high volume binderies and copy centers. Plastic coil selector included. Optional Coil Crimping Pliers sold separately.

CoilMac-M

PC 248 Coil Binding System

Features

- Plastic Coil Manual Punch & Electric Inserter
- Punches up to 12 sheets
- "Over The Top" Punching Power Handle lets you use two hands for tougher punch jobs and creates a smaller foot print
