

ERW / ECO E Electric Punch w/ Manual Wire Closer

Features

- All punch pins are disengageable
- Punches up to 25 sheets of 20 lb. bond paper at once
- Adjustable margin
- ERW 3:1 Pitch binds documents with up to 1/2"
- ECO E 2:1 pitch binds documents with up to 1 1/4"
- Binds up to 300 books per hour

Each of these units are a self-contained ring wire machine with a professional punching process. Their powerful motors are fan-cooled and are the professional punching solution for larger quantities. Fast punching cycle of approximately one second per punch. Features include book thickness gauge, wire size gauge, wire holder, easy-adjust closer, and heavy-gauge metal construction for outstanding durability. Electric punch is foot pedal operated allowing you to keep both hands on the sheets for faster, more accurate operation.

Features

- Electric Double Loop Wire Punch and Manual Bind Machine
- Available as either 3:1 punch for documents up to 9/16" or 2:1 for documents from 5/8" to 1 1/4"
- Punches up to 20 sheets
- Electric punch operated with foot pedal
- 14" open ended horizontal punch
- Disengageable pins
- Anti-jam reverse function

The WireMac-E features a heavy duty punch motor and complete system of functions. The WireMac-E makes wire binding fast, easy convenient and professional, making it the ideal partner for commercial volume workloads. Available in 2:1 or 3:1 pitch.

WireMac E

Electric Punch w/ Manual Binder

SRW / ECO 360 Comfort Electric Punch w/ Manual Binder

Features

- Electric Double Loop Wire Punch and Manual Bind Machine
- Available as 2:1 pitch (ECO) or 3:1 pitch (SRW)
- Punches up to 20 sheets
- Binds up to 250 sheets with a 1 1/4" double loop wire (ECO)
- 13.5" vertical punch
- Disengageable pins

The Comfort is the compact electric model available as either 2:1 (ECO) or 3:1 (SRW). It punches electrically and binds manually. An economical solution for smaller and middle volume usage. The motor runs only when the foot pedal is pressed so that it uses electricity only while punching. Features include book thickness gauge, wire size gauge, wire holder, easy-adjust closer and heavy-gauge metal construction for outstanding durability. Electric punch is foot pedal operated, allowing you to keep both hands on the sheet for faster, more accurate operation.

WireMac Combo

Features

- Manual 3:1 Wire and Plastic Comb Punch & Binding Machine
- Punches up to 20 sheets
- Binds up to 425 sheets with a 2" comb
- Binds up to 120 sheets with a 9/16" 3:1 wire
- 14" open ended horizontal punch
- Disengageable pins

The new WireMac Combo 3:1 Wire & Comb Binding Machine is one superior machine that does the work of two. With both 3:1 wire and comb punching dies, this versatile & easy-to-use combo binder allows you to punch & bind 3:1 wire and plastic comb in one single machine, without ever changing punching dies. This machine is ideal for binderies, print shops, copy centers, corporations, advertising agencies, schools, offices and more

Features

- Can be upgraded to electric punch with the purchase of the optional modular electric motor drive
- Punches up to 30 sheets
- Binds up to 340 sheets
- Built-in binding table
- Book thickness gauge
- Wire size gauge
- Wire holder
- Easy adjust closer
- Heavy gauge metal construction

The SRW 360 3:1 and ECO S 360 2:1 are high quality and easy-to-use wire-binding machines. They feature a total of 28 punching pins, all of which can be disengaged. The adjustable margin control allows you to precisely punch the paper every time.

SRW 360 / ECO S 360 Manual Punch and Bind

RW 3:1 / ECO C 2:1

Features

- Manual 3:1 (RW) or 2:1 (ECO C) Double Loop Wire Punch & Bind Machine
- Punch up to 30 sheets
- Binds up to 120 sheets with 9/16" double loop wire in 3:1
- Binds up to 250 sheets with a 1 1/4" double loop wire in 2:1
- 11" vertical punch

The RW/ECO C is the basic model for manual punching and binding of all formats up to 11". Punching and binding are done with a minimum of effort. Features include book thickness gauge, wire size gauge, wire holder, easy-adjust closer, heavy-gauge metal construction for outstanding durability, and a gear driven punch with a long punching handle for maximum punching power with minimum effort.

WireMac-Duo

Features

- Manual 3:1 and 2:1 Twin Loop Wire Punch and Bind Machine
- Punches up to 20 sheets
- Binds up to 250 sheets with a 1 1/4" double loop wire 2:1 and 120 sheets with 9/16" double loop wire 3:1
- 14" open ended horizontal punch
- Disengageable pins

Bind documents with both 3:1 pitch twin loop wire and 2:1 pitch twin loop wire. The DuoMac is the only combination machine of its kind. The unique design includes the ability to punch both a 3:1 or 2:1 pitch hole pattern for twin loop wire binding from 3/16" up to 1 1/4". This gives you the ability to choose the look and feel of your wire bound books and presentations.

Features

- Manual Punch & Bind Machine
- Punches up to 20 sheets
- 14" open ended horizontal punch
- Disengageable pins

The WireMac renders efficiency and productivity. Its full range of functions and state of the art mechanisms were especially designed with one goal in mind: to fully meet the needs of the wire binding industry. Available as a 2:1 or 3:1 configuration.

WireMac

Offiwire

Features

- Manual Double Loop Wire Punch & Binding Machine
- Punches up to 10 sheets
- A4 (11.7") horizontal punch

The Offiwire is ideal for light office binding needs. The Offiwire punches up to 10 sheets of 20 lb. paper, has hardened steel dies for a clean and precise punch every time, even when perforating delicate or hard to punch materials such as PVC covers. A strong metal chassis and high quality components guarantee durability and reliability. A side margin guide evenly centers the document and wire selector precisely determines the appropriate wire diameter to use. Available as a 2:1 or 3:1 configuration.
