

### 14.95 Industrial Shredders

- Easy operation with a conveyor belt feed system
- Automatic LED warning for power on, paper jam and bin door open
- Shreds up to 140 sheets in one pass (depending on shred size) at a speed of up to 59 feet per minute
- Bin full warning with auto stop
- 53 gallon waste bin capacity, optional baler available
- Thermo-sensor motor protection
- Bin door on right side, with optional left side retro-fit kit available
- 220 V, 60Hz, three phase power supply required
- Dimensions: 66"x31"x65" and Weight: 977 lbs.

The 14.95 Industrial Shredder is designed to shred exceptionally high volumes and accepts waste up to 17" wide. This shredder features a conveyor feed system for maximum throughput and accepts almost any office waste, including bound material and crumpled paper. Multimedia capability accepts paper clips, staples, credit cards, CDs and floppy disks. The system is user friendly with simple controls. A mobile catch basket allows the operator to dispose of the shred waste in a clean and efficient manner.

Model	Shred Size	Capacity	Speed
698924	1/4"x2"	120-130 sheets	59 ft. per minute
698904	1/4"	130-140 sheets	55 ft. per minute

### 16.50S Industrial Shredders

- Shreds up to 420 sheets in one pass (depending on shred size) at a speed of 50 feet per minute
- Simple operation with clear function displays
- Mobile 119 gallon waste bin (on casters for easy emptying)
- Cutter reverses automatically to clear paper jams and then restarts
- Patented Emergency OFF bumper on feed table ensures that the machine stops immediately
- Optional automatic oiler available
- 220 V, three phase power supply required

The Intimus 16.50S is an industrial shredder that is designed for a high volume performance. It is designed for easy operation with a conveyor belt feed system, a 20 inch wide feed opening and an automatic anti-jam function. Accepts almost any office waste, including bound material and crumpled paper. Multimedia capability accepts paper clips, staples, credit cards, CDs, DVDs and floppy disks. The 16.50S is perfect for use wherever there is a need for shredding large quantities of expired/sensitive data, in strict compliance with data security practices.

Model	Shred Size	Capacity	Practical Capacity
1650-6x15-50	1/4"x5/8"-2"	300-330 sheets	1200 lb./hr.
1650-7.8	1/4"	350-420 sheets	1800 lb./hr.
1650-7.8CC	1/4"x2"	350-420 sheets	1500 lb./hr.

### UC5500 ScriptStroyer Pharmacy Shredder

- Cross cut shredder, 5/32"x1 1/2" shred size
- 12 gallon heavy duty waste bin with front access door, door open indicator light and bin full light
- Designed to fit under pharmacy counters
- Quiet operation allows the machine to be used anytime
- Push button start and automatic shut off when cycle is complete
- Limits your exposure to HIPPA law violations
- Automatic oiler
- Continuous duty motor
- Standard 9 1/16" feed width for paper and 3 3/4"x 3 3/4" feed width for bottles

The UC5500 ScriptStroyer Pharmacy Shredder is designed to easily destroy prescription bottles and caps (wet or dry) up to 3 1/2" in diameter, cough medicine bottles and prescription labels with ease. It meets HIPPA regulations and provides a convenient option for destroying this highly sensitive information without the need to outsource which increases the risk that patient information will end up in the wrong hands. The UC-5500 has the ability to shred up to 10 sheets of paper at a time including adhesive labels. It uses a shredding head that is constantly bathed in oil preventing cough syrup, label adhesives and other residue from ruining the shredding head over time. Includes (1) gallon of oil and funnel.

### 20453 Hopper Style High Capacity Shredder

- 1/8"x 3 1/8" Cross Cut - security level 3
- 17" Feed width
- 65/85 Sheet Capacity
- Will shred staples, paper clips and credit cards
- Chain driven providing slip free power
- Powerful 4 Hp motor
- All steel construction
- 50 gallon roll out waste volume
- Heavy duty casters for easy placement
- Three folding work shelves
- 208 VAC 3 phase 20 amp service required

The 20453 High Capacity Cross-Cut Shredder is the ideal solution for shredding large amounts of documents in a short period of time. This hopper style unit is intended to shred up to 2 tons of paper per day. Metal construction makes this shredder extremely durable and with the addition of three fold out tables, stacking paper to be shred is now more convenient. They are surprisingly quiet for their size and their user friendly control make them easy for anyone to operate. For safety purposes, these machines feature a special locking mechanism to prevent injury and unauthorized use. This machine will fit nicely in a company mail room or any other centralized location where large amounts of shredded material is taken. Expensive shredding services are no longer needed with the ability to hold 50 gallons of shredded confidential waste.

### 20396 High Capacity Cross-Cut Shredder

#### Features

- 2.5 Hp motor with all steel motor frame
- Chain driven providing slip free power
- Cross-cut shredder model with 1/8"x1 9/16" shred size - Security Level 3
- Handles 38 to 43 sheets per pass with the ability to shred between 12,000 sheets and 2 tons of paper per day
- Wide feed width accommodates all paper sizes up to 16"
- Large 50 gallon waste bin capacity
- Fully automatic features
- Housed in a wooden cabinet with casters

This heavy duty Cross-Cut paper shredder is just the tool to destroy large quantities of paper in a short amount of time. The quality manufacturing and engineering found in this shredder include solid steel cutting cylinders, solid state electronics and thermally protected motor. These machines fit nicely in company mail rooms or any other centralized location where large amounts of shredded material is taken.

#### Features

- 2 Hp motor with all steel motor frame
- Metal chain drive
- Cross-cut paper shredder model with 1/8"x1 3/8" shred size - security level 3
- Wide feed width accommodates all paper sizes up to 16"
- Large 35 gallon waste bin capacity
- Fully automatic features

This Cross-Cut paper shredder is a practical solution for accommodating the shredding needs of even the busiest offices. The quality manufacturing and engineering found in this shredder includes solid steel cutting cylinders, solid state electronics and thermally protected motor. This machine continually shreds large quantities of paper for long periods of time and are designed to shred between 2,000 and 12,000 sheets of paper per day.

### 20814 Department Cross-Cut Shredder

### 30414 Multi+Media Cross-Cut Shredder

#### Features

- Chain driven 1 1/4 Hp motor that provides slip free power to the cutting mechanism
- Cross-Cut model with 1/8"x9/16" shred size - Security Level 3
- Fully automatic features
- Handles 20 to 25 sheets in one pass
- Shreds staples, paper clips, credit cards, CDs, DVD's and floppy disks
- Automatic stop when shred bag is full or when cabinet door is opened
- User friendly control panel
- 35 gallon bin capacity

This CD Shredder makes a nice addition to any large office, copy room or communications center due to its large storage capacity. This office CD shredder is designed to shred between 2,000 and 8,000 sheets of paper per day as well as CDs, DVD's and floppy disks.

**20614 Cross-Cut Office Shredder**

**Features**

- Cross cut shred size: 1/8" x 1 3/8" confetti sized particles
- 10" feed throat accommodates both letter and legal size paper
- Powerful 1 Hp motor easily shreds 20-25 sheets of 20 lb paper at once
- Whisper quiet operation. Each cutting cylinder is encased in an all-steel frame and sits on rubber shock mounts that reduce vibration in the cabinet and overall shredding noise
- One-year limited warranty, lifetime limited warranty on cutting heads
- Safely shreds CDs, DVD's, credit cards, staples and small paper clips

This Office Paper Shredder is deigned to accomodate the needs of most busy offices. Cross-cut confetti shredding capability provides extra security to ensure that discarded confidential records remain confidential. This shredder is easy to use with state of the art capabilites like automatic on/off, auto-reverse to release paper jams and bag full auto-off to indicate when the bag needs to be changed. This shredder is highly recommended for HIPPA and FACTA compliance.

**20414 Small Office Cross-Cut Shredder**

**Features**

- Automatic on/off for hands free operation
- Auto shut-off and visual indicator when bag is full
- 9 1/2" feed width and up to 12 sheet capacity in one pass
- 10 gallon waste bin
- Attractive wooden cabinet mounted on casters for convenience

This Cross-Cut Paper Shredder is an intermediate size paper shredder with the power to handle your demanding office needs. Easy to move attractive wooden cabinet mounted on casters. Feed letter or legal documents through the 9 1/2" opening with security level 3 shredding. Dependable quality and craftsmanship.
